

Initial Concept: Play area with central seating zone

Central feature (flowering tree? to offer shade, colour, biodiversity and well-being

Play Area Size & Location:

Will be dependent on budget constraints, initial thoughts shown above, to increase the footprint of the play area to allow additional space for greater play value and activity.

PROJECT AIMS / PRIORITIES:

- Improved fenced play area for under 12's incl parent seating
- Create social seating / well-being spaces for ALL age groups
- Consider inclusivity / accessibility
- Create over 12's area nearer to play area for better supervision
- Improved path connectivity / widening for seating zones
- Seek to include 'Learn to Cycle' paths within path network
- Improved biodiversity / Green Infrastructure
- Existing lighting review
- Retain existing well used features, MUGA / SKATE / KICKABOUT
- Review existing shelters / relocate

FOR CONSULTATION: Any final equipment selections and wider scheme approval will be subject to funding being secured and tendering of work
